Construction Specifications,
Request for

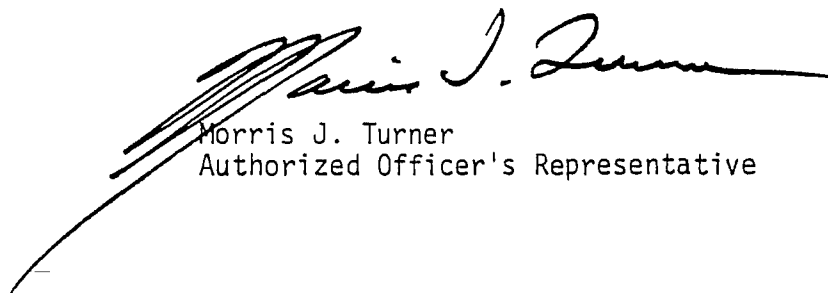

Dear Mr. Champion:

It would be most helpful if you would send this office 3 complete sets of the construction specifications for the Yukon-Prudhoe highway and State highway segments 2, 3, and 4.

We would also appreciate receiving a copy of the letter from the Department of Highways that gives Alyeska Notice to Proceed with construction of the highway.

Your attention to our request is appreciated. Information is needed to support your highway activities such as clearing highway right-of-way, clearing approach accesses to bridges, constructing airfields, and, in general, having a knowledge of the work that is necessary to proceed with construction this spring on the State highway system.

Sincerely yours,

Morris J. Turner
Authorized Officer's Representative
